

25. Return Road Hike

Starting at Harveys Return this hike wanders through low Sugar Gum woodland, passing groves of native pine near the Lightkeepers Cemetery. Take a side trip when you cross the road to view the spectacular coastline at Scott Cove. The hike follows the lightkeepers' old cart track used for transporting supplies between Harveys Return and Cape Borda, which they called 'The Return Road'. Look for cobblestones which indicate the alignment of the original track.

Access

This hike can begin at either Harveys Return or Cape Borda Lightstation. Refer to pages 26-29.
