

## Eucalypts Trail Location

The Eucalypts Trail is accessed from Razorback Road via fire gate RC3. It is located 4 km northwest of Meadows and 13 km north of the Kuitpo Forest Information Centre.

The trail starts at Rocky Creek Hut, passing through a mixture of eucalypt and pine plantation forest. It is a multi-use trail for walkers, horse riders and cyclists.

The total distance is 2 km and it takes around 1 hour to walk the trail.

A beautiful array of wildflowers can be seen on display along the trail during late Winter and Spring.

## Trail Classification

The Eucalypts Trail is classified and marked in line with Australian Standard AS2156 and is identified as a Class 3 track in a natural area.

It is classified as an **Easy Walk** and is accessible to people of all ages and fitness levels. These are well defined trails, generally less than 3 km in length with even surfaces.

## Trail Markers

The Eucalypts Trail is identified with distinctive blue coloured trail markers to assist with navigation.

An example of the Eucalypts Trail marker is shown here.

## Forest Trail Code

The forest trail and road network is used by walkers, horse riders and cyclists. To ensure everyone's enjoyment and safety please consider:

- For your safety, avoid areas where access is restricted, including where forestry operations are in progress. Look out for warning signs.
- Always wear a helmet when cycling and horse riding and travel at a safe speed according to your experience, track conditions and terrain.
- Consider other users. Walkers give way to cyclists and both should give way to horse riders. Courtesy is the key.
- Avoid steep, muddy or loose trails and surfaces, where the tracks you leave behind can channel water and cause erosion.
