

# Walk with us for suicide prevention.

A social event to commemorate World Suicide Prevention Day

Join us on World Suicide Prevention Day for a walk at sunrise to remember those lost to suicide, raise awareness and show your support for suicide prevention.

We are honoured to have Professor Nicholas Procter joining us to open the event.

Enjoy a coffee and catch-up with friends in fresh air as we come together as a community and remember those we've lost.

## Register now

Scan the QR code to register and find out more about the event
